Sir,

Col. Abert has just sent me an extract from a letter from you on the subject of the botanical drawings.

I am very sorry that you should have been compelled to wait until now to be reimbursed, but I supposed that Mr. Wootch had left with you the necessary directions.

I enclose the forms, to be filled up with the amount of the bill - the receipts may be signed by yourself, or the person who made the drawings. If I knew the precise amount, I would send it at once and will do so immediately on the receipt of the accompanying vouchers.

With many regrets at the delay,

I am, Sir

Yours most truly

L. H. C. (Capt. J. E. G.)
